## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—compilation pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-go feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a pure vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get off the calomel.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—but have no side effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10¢ and 25¢ per box. All drugs.

Take one or two nightly and note the pleasing results.

## THREATEN TIE-UP, NATION WIDE, IN ELECTRIC STRIKE

Machinists' Leader Hints at a "Decisive Blow"—No Compromise at Schenectady

ALBANY, N.Y., Oct. 8.—Although there have been rumors here that the 16,000 General Electric Company strikers demanding an eight hour day instead of ten hours might compromise on nine hours, the talk which J. J. Keppier, Vice President of the International Association of Machinists, gave to the men yesterday before a plan for a big attack on the company's interests. It is one that might tip up construction all over the country.

"General Electric products," said he, "are being used in hundreds of buildings in the course of construction throughout the country. Union men who are installing them are forced to refuse to handle General Electric products if called upon to do so."

He now enjoys good health. I will be glad to recommend your medicine to any woman suffering with female troubles and you may publish this letter."—Mrs. A. L. SMITH, R. No. 3 Box 69, Lindborg, Kansas.
